TCHS HAS A WIDE FIELD OF EDUCATORS

The Tuba City High School is constantly striving to broaden its curriculum to meet the needs of its Student Body. This year some additional subjects were introduced to the Student Body for their selections. To mention a few of these are: Contemporary History, Indian History, and Mechanical Drawing.

Also new faces are to be seen among our teachers to go with our expanding school program.

Three pleasant faculty faces got married this year. Miss Herring and Mr. Marsh became Mr. and Mrs. Marsh. Mr. Shapiro also gave up bachelorhood.

A BRIEF GLANCE AT SCHOOL LIFE AT T.C.H.S.

Some start the day with good intentions.

Shooting the breeze before the bell!

The beginning of another day brings new learning
and fun!

Some children aren't too excited about starting another school day.

Why worry about books when you have a friendly study?

I didn't have time to finish my book.

Fellows, anything interesting on the bulletin board?

Photo of a student looking at a bulletin board.

Mr. and Mrs. Lee looking at a bulletin board.

Excuse me that I'm talking to the library and the library is not open.

Teacher, would you please let
again, please.

Could I see the book?

Sorry I can't do it.

Mr. Chairman, we tried to raise money that way last year but it didn't work!

Living off War is a good send-off!

Some people have a little luck! The band is going to the game.

A little sent-off to light the fire.

We also appreciate the things of life at L.C.H.S.

I that better than it is the cake, a little

Girls, that's fattening!

A little smack never hurts anyone.

No homework tonight if I can finish my assignment in class.

Are you girls finished with your assignment?

Some people ditched to go sell ads for the annual.

Some people found time to glare at the camera.

You say this is art?

I say there, "You're in P.E., not clowning."

Girl's Volleyball provided excitement during some days.

Leaving so soon?

Every ring tells a story

This is a portrait of the life span of a tree. In a single sitting, you can see more than 70 rings, each representing a year's growth.

As a youngster, this tree entered into competition with other trees — for moisture, sunshine and soil nourish-

ment. The struggle was hard but it stood erect, strong and tall, just as you have done. And the signs of maturity and productivity become readily noticeable.

As you add new "rings" to your personal progress, seeking new heights in the challenging world ahead — use your knowledge well and keep your spirit of competition alive and strong. Then each year you add will be a story you'll be proud to tell.
